

CG-150 230 VAC

Centrifugal · 1,1 kW · 100-500 l/min

DIESEL

CG-150 230 VAC 50 Hz	**02050-CF00000**
CG-150 230 VAC 60 Hz	**02050-CF00007**

- Centrifugal pump suitable for the fuel transfer
- Flow according to manometric height: from 100 to 500 l/min
- Maximum height: 25 m.c.a.
- Suction with check valve: 6 m
- Consumption: 9.2 A
- Motor: 1.1 or 1.3 kW 230-240 VAC self-ventilated 50 or 60 Hz single-phase (according to the model)
- 2,800 or 3,300 rpm (according to the model)
- S1 continuous duty
- Thermal protector
- Connection through F2" (BSP)

Size and weight (approx.):

- Size: 380x210x285 mm (length x width x height)
- Weight: 22.5 kg
